Confirmation of Teaching and Professional Assessment

Dear Sir/Madam,

This is to confirm that **Mr Mike Andreas**, born on 16th of April 1973, is currently teaching in the position, Head of Physics. He has worked at Vientiane Pattana School International since October 2016 (into his 3rd school year with us) teaching A and AS level Physics, and IGCSE Physics to grade 9 & 10.

In his second year with us he was promoted to Head of Physics and was a very helpful and resourceful member of staff when we transitioned to being a Cambridge accredited school.

We are so very proud of Mike as his physics students were the first in Laos to sit AS/A level Cambridge physics exams. One student achieved an A grade in AS level.

In addition, he has clearly improved the quality of teaching as demonstrated by the upward movement of test scores across his all his students' classes . He has successfully introduced a hands-on approach to lab work that was previously a virtual experience.

He is an incredibly valued member of staff, not only for his outstanding results in physics but inclusive of his willingness to be engaged in school activities and his general calm and cheerful demeanour.

I have absolutely no hesitation in recommending Mike Andreas for this master's programme.

Yours faithfully

P. Crosthwaite
